Quilt Assembly

- Referring to the Quilt Assembly Diagram for placement and orientation, lay out the alternating blocks in eight rows of six blocks each.
- Sew the blocks together in each row, pressing the seams for adjacent rows in alternate directions. Sew the rows together in order to complete the quilt top.

Finishing

- Layer the quilt top, batting and backing and quilt as desired.
- Stitch the binding strips together end to end using diagonal seams. Fold and press the resulting long strip in half lengthwise with wrong sides together. Stitch to the quilt front, matching raw edges and mitering the corners.
- Fold the binding to the quilt underside and hand-stitch the folded edge to the quilt back.
